Bourne 2016 Rain Barrel Program

Save Money, Collect Rain Water, Conserve Energy

Did you know **that using a rain barrel to collect precious rainwater not only conserves energy, you may even save money on your next water bill?**

The Great American Rain Barrels are heavy duty and come with a choice of two ports to use with either a watering can or a garden hose. Each barrel holds 60 gallons and is available in 3 earth tone colors.

As a resident, you are eligible to purchase rain barrels at the discounted rate of $79.
