[] Slip **Taylor Point Marina: Academy Drive/Cohasset Narrow**
(50' maximum slips)
() 20' Min. Small Dock No Electric () 30' Min. () 35' Min. () 40' Min.

Notice

Slip rates are based on slip minimum or length overall (LOA), whichever is greater. LOA is calculated including bowsprits, swim platforms, anchor roller protrusions, outboard motors, etc.; meaning the maximum length of the entire vessel and accessories. This is longer than the length noted on your Registration or Documentation. All vessels will be measured to confirm LOA and confirm correct slip fee billing. Applications are used to make a Master Waiting List. Applications are chosen in the order in which they were received; subject to boat size and slip/mooring suitability. All slips/moorings will be issued on an availability basis. The Management reserves the right to refuse any applications, reassign slips/moorings, limit duration, or make other stipulations, as deemed necessary. Slips/moorings are non-transferable and payments are non-refundable.
