## **SHELLFISH VOLUNTEERING**

**The Town of Bourne welcomes all individuals that are interested in volunteering to help the shellfish propagation program.**

**The program's main focus is to continue to enhance and improve the recreational and commercial shellfish program within the Town of Bourne.**

**This process includes activities such as:**

**Assembling/ Repairing of grow-out gear**

**Sorting and cleaning the town's upwellers**

**Maintaining grow-out gear (bag flipping) & oyster culling**

**Assisting with shellfish seed planting**

**For anyone who interested in volunteering for the program please contact the Town of Bourne's Shellfish Technician Michael Corson for more information.**
