

# Stable License

Dear, Board of Selectman

My name is Joel Anderson, I am attempting to get a license for a stable that houses my two alpacas. I also have an english bulldog at this same address ~~they~~ he gets along great with the alpacas. There food is stored in a secure box truck at same residence. As for the manure the pen is cleaned every other day and we use it in the garden and I give it to friends for their's, as it is very high in nitrogen and potassium. They are pets that I bought for my daughter and people bring their kids by to see them. Thank you for taking the time to read this and considering giving me a stable license.

Sincerely,

Joel Anderson
