Mr. Cannon:

Thank you for the email regarding the adoption of Liquor License Regulations. I represent a private organization and am the person who completes our yearly renewal paperwork/payment for our license.

I have a question which I'm sure is one that many license holders have and that is how do these regulations differ from what is already expected out of a license holder or what the Town already requires? Our organization has had the license for much longer than I have been a member and I have no reference as to what current Town regulations are outside of fees and basic operational information such as times/closure dates, etc. We are open on a very limited scope so much of what is regulated falls outside of what we would normally encounter.

Since license holders are asked to review the DRAFT regulations, is it possible to download online the current regulations so that we would know how these changes would impact our facility?

Thank you for your at reply.

Sincerely,

Stacy Kehoe
