Subject: Machine Gun Range Information Update

Over the past few weeks I have exchanged questions and answers via Email with Col Porter about the proposed machine gun range.

He was very cooperative, replying to all my questions in a timely manner.

If the Board would be interested in getting updated, I would be glad to present what additional information have to the Board.

Please get back to me.

Dear Members of the Board,

The purpose of this letter is to follow-up to the Email I sent you with a copy of a letter written by the Falmouth Select Board and sent to the Commander of the Army National Guard. I am one of the many Cape Cod residents who oppose the construction of a Machine Gun Range on Camp Edwards. I am opposed because of the planned location of this range is directly over our sole-source aquifer that is the only source of drinking water for a significant part of the Cape. I also feel that the clearcutting of 170 acres is not in the best interest of the Cape's ecological interests.

Cape Cod residents have twice been given incomplete information about the environmental impact of live-firing on our sole source aquifer. For decades, the Army conducted live-fire training with lead bullets and allowed lead to leach into our sole source aquifer. After lead ammunition was banned due to the "Super-fund" designation, tungsten was introduced as a safe alternative and that decision was proven to be in error.

I have contacted other abutting towns (Sandwich and Mashpee) to request their positions regarding the development of this proposed machine gun firing range at Camp Edwards.

I am asking Bourne's Select Board to publish a position paper on this important environmental issue. I have enclosed a copy of a letter sent to Keith Driscoll of the Massachusetts Nation Guard expressing concerns from Falmouth Select Board outlining Falmouth residents' concerns. My Email is [redacted] and my cell is [redacted]

Thank you for your help on this matter.

Sincerely,

Richard W. Conron

Subject: Proposed New Machine Gun Firing Range, Joint Base Cape Cod

Dear Mr. Driscoll,

I am writing on behalf of Falmouth Select Board Chair Megan English-Braga and Vice-Chair Doug Brown. This proposed Machine Gun Firing Range has recently come to the attention of the Falmouth Select Board. The Board has received considerable email communications from residents raising significant concerns regarding this proposed clear-cutting of 170 forested acres on Joint Base Cape Cod and the continued concerns about environmental damage potentially caused by the routine operation of this Firing Range to be located within the extremely sensitive Upper Cape Water Supply Reserve. This strategic water supply reserve serves the Upper Cape Towns of Bourne, Falmouth, Mashpee and Sandwich and occupies a fundamental location within Cape Cod's sole source aquifer.

We are respectfully requesting that the Army National Guard extend the allowable public comment period on the Environmental Impact Report for an additional thirty days, beyond the specified deadline of September 7 to allow a more adequate opportunity for public review, discussion and input. The timing of this notification process, in the midst of the present COVID-19 pandemic and with the upcoming Labor Day Holiday has presented difficult scheduling circumstances for a reasonable Board discussion. We join with other Upper Cape Towns in urging a formal public presentation on this project by the Massachusetts Army National Guard in advance of this coming deadline. Thank you for your consideration of this request. The Falmouth Select Board will be further

reviewing/discussing this matter at one/more upcoming business meetings in the month of September.

Dear Chairman:

According to the Department of Telecommunications and Cable's (Department) records, your cable television license (license) with Comcast Cable Communications, Inc. will expire on 3/19/2022. As the Issuing Authority, you should have completed the ascertainment process of determining your community's cable-related needs and reviewing Comcast Cable Communications, Inc.'s performance under the current license. In order to provide sufficient time to review a company's formal renewal proposal, all ascertainment should be completed within six months of the date of this letter. Once ascertainment is complete, you should notify Comcast Cable Communications, Inc. and provide it with your results.

If you have not completed your ascertainment process, or anticipate difficulty in doing so within the next six months, the Department is available to assist you through the final stages of license renewal. Should you require assistance, please contact the Department at 617-305-3580 or dtc.efiling@mass.gov.

Dear Chair Froman:

I have served as Associate Town Counsel since 1976 and Town Counsel from 1978. I have attended every Special and Annual Town Meeting for forty-five (45) years and look forward to this year's Annual Town Meeting. During the span of decades, dedicated elected and appointed officials, along with employees, joined me in producing results that are exceptional and that are unparalleled in local government.

MOVING

Please visit <https://www.xfinity.com/moving> before you move. This is the best way for us to arrange for your service to be disconnected and to schedule an installation at your new home, if your new home is in our service area.

EQUIPMENT COMPATIBILITY

Xfinity TV service is encrypted and requires a TV Box, TV Adapter, CableCARD or other navigation device that is compatible with our system for each television you wish to use with our service. You may not be able to use special features or functions of your television, VCR or DVD player/recorder with Xfinity TV service. Some of these problems may be resolved by the use of signal splitters, and/or other supplemental equipment that can be purchased from us or at electronic stores. Please call us if you would like to discuss the type of special equipment needed to resolve individual compatibility problems or if you have any questions regarding other equipment compatibility issues.

If you have a TiVo digital cable-ready DVR, you can access switched digital video services by obtaining a "tuning adapter" device. If you have a TiVo DVR or other digital cable-ready devices, you will need a TV Box, TV Adapter, or CableCARD from us to access switched digital video and other two-way cable services. Upon your request, we will provide you with the technical parameters necessary for a navigation device rented or acquired from retail outlets to operate with our system. Because of the need to protect our Xfinity TV service, we will not authorize the use of a navigation device that does not conform to all required signal security specifications. For information regarding other navigation devices, please go to <https://www.xfinity.com/support>.

REMOTE CONTROL UNITS

If you rent a TV Box or TV Adapter from us we will provide a compatible remote control. Also, you may purchase compatible remotes at local electronic stores or other retail outlets. A representative list of compatible remote control models currently available from local retailers includes: Philips PHL PMDVR8, RCA RCR612, and Sony RM-V202. A list of additional compatible remotes may be obtained from your local Xfinity store. Although these remote control units are compatible with the TV Box or TV Adapter that we currently offer, these remotes may not be functional if we change the type of TV Box or TV Adapter we rent. If you have any questions regarding whether a particular remote control unit would be compatible with our equipment, please contact us.

SERVICE CHANGES AND INSTALLATION

Standard installations are generally completed within 7 business days. If you change the services you receive, you may be subject to an installation or change of service charge. You may obtain additional information about our current services, fees and prices online at www.xfinity.com or by calling us at 1-800-XFINITY.

MUDANZAS

Antes de mudarse, ingrese en <https://www.xfinity.com/moving>. Esta es la mejor manera de coordinar la desconexión del servicio y programar la instalación en su nuevo hogar si el mismo está dentro de nuestra zona de servicio.

COMPATIBILIDAD ENTRE EQUIPOS

El servicio Xfinity TV está cifrado y requiere, por cada televisor con el que desee usar el servicio, un decodificador de TV, un adaptador de TV, una tarjeta CableCARD u otro dispositivo de navegación que sea compatible con nuestro sistema. Posiblemente no pueda utilizar funciones o características especiales de su televisor, su videgrabadora o su reproductor/grabador de DVD junto con el servicio Xfinity TV. Algunos de estos problemas se pueden resolver mediante el uso de divisores de señal y/u otros equipos complementarios que se pueden comprar en nuestra empresa o en tiendas de electrónica. Llámenos si quiere discutir qué tipo de equipos especiales necesitaría para resolver problemas de compatibilidad específicos o si tiene preguntas acerca de otros problemas de compatibilidad entre equipos.

Si tiene una videgrabadora digital TiVo apta para televisión por cable, puede acceder a servicios de video digital conmutados mediante un "adaptador de sintonización". Si tiene una videgrabadora digital TiVo u otros dispositivos digitales aptos para televisión por cable, necesitará que le proveamos un decodificador de TV, un adaptador de TV o una tarjeta CableCARD para acceder al servicio de video digital conmutado y a otros servicios bidireccionales por cable. Si lo solicita, le proporcionaremos los parámetros técnicos necesarios para un dispositivo de navegación que alquile o compre en nuestros puntos de venta minorista para usar con nuestro sistema. Debido a la necesidad de proteger nuestro servicio Xfinity TV, no autorizaremos el uso de dispositivos de navegación que no cumplan con todas las especificaciones necesarias para la seguridad de la señal. Para obtener información sobre otros dispositivos de navegación, visite <https://www.xfinity.com/support>.

UNIDADES DE CONTROL REMOTO

Si usted alquila uno de nuestros decodificadores o adaptadores de TV, le proveeremos un control remoto compatible. También puede comprar un control remoto compatible en una tienda electrónica local u otro punto de venta minorista. La siguiente es una lista representativa de los modelos de control remoto disponibles en tiendas minoristas locales: Philips PHL PMDVR8, RCA RCR612, y Sony RM-V202. En su tienda Xfinity local podrá obtener una lista de otros controles remotos compatibles. Aunque estas unidades de control remoto son compatibles con el decodificador y el adaptador de TV que ofrecemos actualmente, es posible que no funcionen si cambiamos el tipo de decodificador o adaptador de TV que le alquilamos. Si tiene dudas acerca de si una determinada unidad de control remoto sería compatible con nuestros equipos, póngase en contacto con nosotros.

CAMBIOS EN EL SERVICIO E INSTALACIÓN

Las instalaciones estándar generalmente se terminan en el transcurso de 7 días hábiles. Si cambia los servicios que recibe, es posible que se le cobre una tarifa de instalación o una tarifa por cambio de servicio. Para obtener más información sobre nuestros servicios, tarifas y precios actuales, visite www.xfinity.com o llámenos al 1-800-XFINITY.

Comcast Xfinity Privacy Policy

Effective January 1, 2020

We know you care about your privacy and the protection of your personal information[Ⓞ]. We also know it is our responsibility to be clear about how we protect your information. We designed this Privacy Policy to do just that. It explains the types of personal information we collect, and how we collect, use, maintain, protect, and share this information. This Privacy Policy also tells you about the rights and choices you may have when it comes to your personal information.

Some of what we say in our Privacy Policy is required by law, and may at times seem long and complicated, but we've worked hard to try to make our Privacy Policy easy to understand and provide examples where possible. The Xfinity Privacy Center (www.xfinity.com/privacy) includes more information about:

- How to review and manage your personal information and account activity
- How to set your marketing and advertising preferences, and opt out of certain information sharing
- How our products and services help to protect you
- How you can better protect yourself online

You can review this Privacy Policy and the information in the Xfinity Privacy Center anytime. If you still have questions, you can contact us[Ⓞ] for more information.

WHEN THE PRIVACY POLICY APPLIES

This Privacy Policy applies to the information we collect when you use Xfinity-branded products, services, networks, and platforms[Ⓞ], including our websites and mobile apps. This Privacy Policy also applies to other Comcast-branded products and services[Ⓞ] that link to it. We'll refer to these as our "Services" in this Privacy Policy. It also applies to the information we collect about you from third parties. This Privacy Policy does **not** apply to non-Xfinity products, services, websites, and mobile applications that you may access or use through Xfinity platforms.

Learn more about when the Privacy Policy applies

Because this Privacy Policy describes the privacy practices for all of our Services, some parts may not apply to you. For example, if you do not subscribe to Xfinity Voice (home phone service) or Xfinity Mobile, we will not collect call detail information. If you do not subscribe to Xfinity Home, we will not collect home security event information.

Some Services may have additional privacy practices that may be described to you in different ways, such as in a separate contract for Comcast Business Services. To the extent there is an overlap between this Privacy Policy and a Service-specific privacy policy, the Service-specific policy or agreement will control with respect to that Service.

This Policy does **not** apply to the non-Xfinity products, services, websites, and mobile applications that you may use through the Xfinity platforms. For example, if you subscribe to Xfinity Internet and visit a news or shopping website, the privacy policy for that website will apply. If you subscribe to Xfinity TV and use our Xfinity X1 platform to use another company's streaming service, the privacy policy for that streaming service will apply to information it collects. Likewise, if you connect your smart thermostat to your Xfinity Home security and automation service, the privacy policy of the smart thermostat company will apply to the information it collects.

THE PERSONAL INFORMATION WE COLLECT AND HOW WE COLLECT IT

To provide you with our Services, we collect your personal information. This can include information that does not personally identify you — such as device numbers, IP addresses, and account numbers. It may also include information that does personally identify you, such as your name, address, and telephone number. We call any information that identifies you "personally identifiable information" or "PII."

If you allow others to use your Comcast or Xfinity accounts or Services, we will also collect personal information about those individuals. If you are not a Comcast or Xfinity customer, but use our Services through someone else's account, we will collect information about you, but it may not identify who you are to us. We may also collect information about you from third parties[Ⓞ].

We collect this information to provide our Services, respond to your requests[Ⓞ], and to tailor our Services[Ⓞ] to best meet your needs and interests.

Learn more about the information we collect and to see examples

- **Account Information** – Information we use to identify who you are to maintain your account and Services

- **Service Activity Information** – Information associated with your use of our Services

In some cases, California requires that we use different names to describe the categories of information that we collect. For more information about these categories, please see the Special Information Regarding California Residents' Privacy Rights, below.

To learn more about this, please read our Cookies Policy (<https://www.xfinity.com/privacy/policy/cookie notice>).

Learn more about when and with whom we share information

The Comcast Family of Businesses

If Comcast shares the personal information it collects about you with separate Comcast companies, such as NBCUniversal-branded companies, for their own marketing or advertising purposes, we will first give you the choice to opt out of or opt in to any sharing in the Xfinity Privacy Preferences Center. (www.xfinity.com/privacy/manage-preference)

Account Owners and Other Authorized Users

We may share information about a customer's account and use of a Service to the primary account owner following appropriate authentication. The primary account owner may also allow others to see information on the account.

Service Providers

To provide and support the Services, sometimes we use other companies as service providers to transmit, collect, process, or store information for us. We require these service providers to treat the information we share with them as confidential and to use it only for providing their services to us. These include:

- **Billing and collection providers**, such as payment processors and organizations that assist us in assessing your credit and payment status
- **Accounting, auditing, and tax providers**
- **Insurance providers**
- **Professional services providers**, such as firms that provide consultative services, assist with improving our programming, provide legal services, or supply project-based resources and assistance

Third Parties

We do not sell, and have never sold, information that identifies[Ⓐ] who you are to anyone. Although permitted by federal law, we do not disclose your name and address to non-governmental entities, such as charities or businesses, for their own marketing purposes.

Sometimes, you may ask us to share information that personally identifies you[Ⓒ] with another company[Ⓒ]. In that instance, we will make sure you give us clear direction about what you want us to share and with whom, before we share that information.

Other sharing with third parties can include:

Social Media Companies

You may interact with parts of our Services that cause information to be published to your social networks. For example, you may click on a Facebook "like" button, which publishes to your Facebook account that you "like" one of our Services. On those parts of our websites with social network functionality, a social network may be able to collect information about you. For example, if a page contains a Facebook "like" button, Facebook may be able to collect data about your visit to that page, even if you don't click on the "like" button. To control this sharing of information, please review the privacy policy of the relevant social network and/or sign out of it before you use our Services.

Online Advertising Partners

We may use cookies to deliver personalized advertising to you when you visit other websites, including advertising based on the products and services you viewed on our Services. We also allow our partners, including advertisers and service providers, to use cookies and similar tracking technologies when you use our Services. For more information about the use of cookies and other technologies on our online Services, please see the Cookies Policy (<https://www.xfinity.com/privacy/policy/cookie/notice>).

Audience Measurement and Analytics Companies

We work with business partners to help us measure and analyze how our customers are using our Services. For video, this includes assessing which programs are most popular, how many people watch a program to its conclusion, whether people are watching advertisements, and what programming and video content we will carry on the Services. It also includes determining how our customers prefer to view certain kinds of programming when they use our Services, such as whether they like to watch certain programs live, or if they prefer to view them on demand, on mobile devices, or online. Our business partners may compile this information into reports with aggregated and anonymous statistics that are then made commercially available (for example, a ratings report that indicates what percentage of viewers watched a particular program live vs. on-demand).

Public Safety Authorities

If you have our Xfinity Voice service, Comcast will disclose your name and contact information to public safety authorities such as 911/E911 and related emergency services.

Directory Services, Assistance, and Caller ID

Your name, address, and telephone number may be sent to publishers to be printed in directories and posted in online directories. Once that information is printed or posted online, it is outside of our control and may be sorted or repackaged and made available again in different formats by anyone, including data aggregators, for a variety of purposes, including marketing. For a fee, you can choose to have a nonpublished number, which means that Comcast will not provide your name, address, and telephone number for publishing in the phone book and online directories. You can also choose to have a published number, but choose the "omit address feature," which means we will not provide your street address for publishing in the phone book and online directories. If initiating service online, select "non-published" option, otherwise call 1-800-XFINITY to sign up.

We may also make your number, name, and address available to directory assistance (411) providers. If you have a nonpublished number, Comcast will not make your number available through directory assistance. Comcast may still share your name and address with the 411 provider when specified by law (but the provider is not authorized to share your non-published number).

Please note: While the non-published feature will keep your name, address, and telephone number out of printed and online directories over which Comcast exercises control, even a non-published phone number may exist in databases not controlled by Comcast – if, for example, your present telephone number or address was previously published under your name, or if you provided this information to businesses or government agencies. One way to help protect your privacy may be to request assignment of a new telephone number (with which your name has not previously been associated). You may also want to activate Caller ID Blocking or select the do-not-call option.

Caller ID provides your name and telephone number to the person you are calling – even if you have a nonpublished number. Per Line Caller ID Blocking will automatically block Caller ID for all calls you make from your registered telephone number and can be activated by calling 1-800-XFINITY. Per Call Caller ID Blocking will block name and number on a per-call basis and can be activated by dialing *86 before each call you want to block.

Potential Purchasers of our Business

If we enter into a potential or actual merger, acquisition, or sale of all or a portion of our assets, then information about you and your subscription will, in most cases, be shared or transferred as part of the transaction. This includes information that personally identifies you. If this Policy will be changed as a result of such a transaction, you should refer below under "Changes to this Privacy Policy."

Government Entities When Required by Law or To Protect Comcast and Others

There are times when we may be required by law to disclose information about you to third parties. This may happen with or without your consent, and with or without notice, in compliance with the terms of valid legal process such as a subpoena, court order, or search warrant.

If you subscribe to our Xfinity Video service, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a court order. In this case, the Cable Act requires that you be given the opportunity to appear in a court proceeding to contest any claims made in support of the court order, and the governmental entity must offer clear and convincing evidence that you are reasonably suspected of engaging in criminal activity and that the information sought would be material evidence in the case. For more information, see "Your Rights and Our Limitations Under Federal Laws."

If you subscribe to the Xfinity Internet, Voice, Mobile, or Home security and automation Services, Comcast may be required to disclose information that personally identifies you to a governmental entity in response to a subpoena, court order, or search warrant, depending on the type of information sought. We are usually prohibited from notifying you of any such disclosures by the terms of the legal process.

A non-governmental entity, such as a civil litigant, can seek information that personally identifies you or your use of the Xfinity Video, Internet, or Voice Services only pursuant to a court order, and we are required by the Cable Act to notify you of such court order. If Comcast is required to give information that personally identifies you to a private third party in response to a civil court order for these or other Services, we will notify you prior to making such disclosure unless legally prohibited from doing so.

We may also disclose information that personally identifies you as permitted by law and without your consent when it is necessary to protect our customers, employees, or property; in emergency situations; or to enforce our rights under our terms of service and policies.

HOW WE PROTECT YOUR INFORMATION

We follow industry-standard practices to secure the information we collect to prevent the unauthorized access, use, or disclosure of any personal information we collect and maintain. These security practices include technical, administrative, and physical safeguards, which may vary, depending on the type and sensitivity of the information. Although we take the responsibility of safeguarding your personal information seriously, no security measures are 100% effective and we cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose your information. Comcast also takes additional steps to increase the security and reliability of customer communications. We do not read your outgoing or incoming email, file attachments, video mail, private chat, or instant messages. However, we (along with our service providers) use software and hardware tools to help prevent and block "spam" emails, viruses, spyware, and other harmful or unwanted communications and programs from being sent and received over Comcast.net email and the Comcast Services. To help protect you and the Services against these harmful or unwanted communications and programs, these tools may automatically scan your emails, video mails, instant messages, file attachments, and other files and communications. We do not use these tools for marketing or advertising.

HOW LONG WE KEEP YOUR INFORMATION

We keep your personal information for different lengths of time depending on the type of information and the business and legal requirements. For example, if you are a customer, we keep information that personally identifies you as long as you subscribe to one or more of our Services. If you no longer subscribe to a Service, we still may need that information for business and legal requirements, such as to protect against fraud, calculate taxes, or respond to legal requests. Other information is deleted automatically after a set period of time, often set by law, unless we are legally required to hold it longer, such as for pending litigation. We destroy, de-identify, or anonymize the information when it is no longer needed in identifiable form.

THE CHOICES YOU HAVE TO CONTROL OUR USE OF PERSONAL INFORMATION

You have many choices about how we communicate with you and how we use or share your information. You can manage these settings in the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/manage-preference). If you change your mind, you can update your preferences anytime.

Learn more about your privacy choices

For your convenience, we have created the Xfinity Privacy Preferences Center where you can manage:

- your account communications and notifications
- your marketing calls, texts, and direct mail preferences
- your preference for door-to-door sales calls
- promotional or commercial emails Comcast may send to you
- personalized advertising for third-party products and services based on your interests

You can review your options, get more information about the types of marketing activities you can opt out of, and make your choices. If you change your mind, you can return any time to update your preferences. Some of the selections are tied to customer accounts and may require you to sign into your Xfinity My Account.

We understand that sometimes you may want to speak to a Comcast representative who can assist you with your choices. You can contact Comcast at [1-800-XFINITY](tel:1-800-XFINITY) and ask us to put your name on our internal company "do not call," "do not mail," or "do not knock" list.

HOW TO ACCESS AND CORRECT THE INFORMATION IN OUR RECORDS

Part of our commitment to transparency includes giving our customers access to the personally identifiable information we have about them. If you subscribe to Xfinity Services, you have the ability to see and correct your personally identifiable information through the My Account or Xfinity Home portals.

If you are a California resident, you may have additional rights described in the "Special Information Regarding California Residents' Privacy Rights" section of this Privacy Policy.

Learn more about how to access personally identifiable customer information

If you subscribe to an Xfinity Service, you may correct or update information by visiting the My Account portal or by contacting us as described below. If you are an Xfinity Home customer, you can visit the subscriber portal at xfinity.com/xhportal anytime. We will correct our records once we have verified that the changes you request are proper.

If you subscribe to Xfinity TV, Internet, or Voice services and would like to see your own personally identifiable information, other than your customer proprietary network information ("CPNI"), you may do so at your local Comcast office. To do so, please contact us by email at Comcast_Privacy@comcast.com or by phone at 1-800-XFINITY, giving us a reasonable period of time to locate and, if necessary, prepare the information for review, and to arrange an appointment during regular business hours. You will need to have proper identification and will only be able to see the personally identifiable information in your account and no other account.

If you make a written request for a copy of your Xfinity Voice or Mobile CPNI, we will provide you with the relevant information we have by mailing it to your account address, or to any person authorized by you, if we reasonably believe the request is valid. However, subscribers to our Xfinity Voice and Mobile Services should be aware that we generally do not provide them with records of any inbound or outbound calls or other records that we do not furnish in the ordinary course of business (for example, as part of a bill) or which are available only

from our archives, without valid legal process such as a court order. In addition, we cannot correct any errors in customer names, addresses, or telephone numbers appearing in, or omitted from, our or our vendors' directory lists until the next available publication of those directory lists. Further, we may have no control over information appearing in the directory lists or directory assistance services of directory publishers or directory assistance providers that are not owned by us.

Comcast reserves the right to charge you for the reasonable cost of retrieving and photocopying any information or documents that you request, where permitted by law.

YOUR RIGHTS AND OUR LIMITATIONS UNDER FEDERAL LAWS

The federal Cable Act imposes limitations on our collection and sharing of information that personally identifies you when you subscribe to Services that use the facilities of the Comcast cable system. The Communications Act imposes restrictions on our use and sharing of CPNI when you use Services that are deemed telecommunications services.

The Cable Act and Personally Identifiable Information

This Privacy Policy is designed to comply with Section 631 of the Cable Communications Policy Act of 1984, as amended, (the "Cable Act"). The Cable Act permits Comcast to use the cable system to collect personally identifiable information about you. Personally identifiable information is information that identifies you specifically; it does not include de-identified, anonymous, aggregate, or other data that does not identify you. We may collect personally identifiable information when it is necessary to render cable services or other services to you and to detect unauthorized reception or use of the services. We may use the cable system to collect personally identifiable information about you for additional purposes with your prior written or electronic consent. The Cable Act also permits Comcast to disclose personally identifiable information if the disclosure is necessary to render, or conduct a legitimate business activity related to, the cable service or other services provided to you; required by law or legal process; or limited to your name and address, subject to your opt-out consent. The frequency of any disclosure of personally identifiable information varies in accordance with our business needs and activities as described in this Policy.

If you believe that you have been aggrieved by any act of ours in violation of the Cable Act or other applicable laws, we encourage you to contact us directly at Comcast_Privacy@comcast.com in order to resolve your question or concern. You may also enforce the limitations imposed on us by the Cable Act as applicable with respect to your personally identifiable information through a civil lawsuit seeking damages, attorneys' fees, and litigation costs. Other rights and remedies may be available to you under federal or other applicable laws as well.

This Privacy Policy neither supersedes, enhances, nor modifies any arbitration agreement to which you may be bound as a subscriber to one or more of the Services.

The Communications Act and CPNI

Section 222 of the Communications Act of 1934, as amended (the "Communications Act"), provides additional privacy protections for information about the quantity, technical configuration, type, destination, location, and amount of your use of telecommunications services, including Xfinity Voice and Mobile Services, and the information about those services contained on your bills for those Services. This information is known as customer proprietary network information or "CPNI." CPNI does not include your name, address, or telephone number, which is defined by the Communications Act as "subscriber list information." However, that information is otherwise considered personally identifiable information.

If you are a customer of Xfinity Voice or Mobile Service, or another Service that is subject to these requirements, you have the right, and Comcast has a duty, under the Communications Act and other applicable laws, to protect the confidentiality of your CPNI. In addition, the FCC's rules provide additional privacy protections and choices regarding use and sharing that are specific to our Voice and Mobile service that we describe in this Policy.

SPECIAL INFORMATION REGARDING CALIFORNIA RESIDENTS' PRIVACY RIGHTS

The California Consumer Privacy Act of 2018 ("CCPA") provides California residents with rights to receive certain disclosures regarding the collection, use, and sharing of "Personal Information," as well as rights to access, delete, and restrict the sale of certain Personal Information we collect about them. You may submit a request to exercise these rights by visiting <https://www.xfinity.com/privacy/requests> or calling us at 1-844-963-0138. The CCPA defines "Personal Information" to mean "information that identifies, relates to, describes, is capable of being associated with, or could reasonably be linked, directly or indirectly, with a particular consumer or household." If you are a California resident, you have a right not to receive discriminatory treatment for the exercise of the privacy rights conferred by the CCPA.

Residents of the State of California also have the right to request information regarding third parties to whom the company has disclosed certain categories of personal information during the preceding year for the third parties' direct marketing purposes under California's "Shine the Light" law (Cal. Civ. Code §1798.83). Personal information under this California law means "any information that when it was disclosed identified, described, or was able to be associated with an individual." We do not disclose this type of personal information to third parties for their own purposes and we permit you to opt out of any disclosures of non-identifiable personal information. However, if you are a California resident and would like to inquire further, please email Comcast_Privacy@comcast.com.

We do not knowingly allow others to collect personally identifiable information about your online activities over time and across third-party websites when you use our online Services. Because definitions and rules for a "Do Not Track" standard have not yet been established, including whether such signals must be user-enabled, Comcast does not yet respond to "Do Not Track" signals sent from browsers. For more information about cookies and other online tracking technologies, please visit our Cookie Notice (<https://www.xfinity.com/privacy/policy/cookiepolicy>); to manage your preferences, please visit the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/manage-preference).

To start this process, go to <https://www.xfinity.com/privacy/requests>. For your security and to ensure unauthorized third parties do not access your personal information, we will require you to verify your identity before we can act on your request. If you are asking for access on behalf of someone else, we will require verification of your identity, as well as proof of authorization by the individual whose personal information you wish to access.

There may be information we will not return in response to your access request, such as information that would affect the privacy of others or interfere with legal requirements. Similarly, there may be reasons why we cannot comply with your deletion request, such as the need to keep your personal information to provide you service or to fulfill a legal obligation.

MORE INFORMATION ABOUT SOME OF THE TERMS AND PHRASES USED IN THE POLICY

Below you can find illustrative examples and more information about the terms used in the policy that have © next to them.

Personal Information: Includes any information that is linked or reasonably linkable to you or your household.

Xfinity products, services, networks and platforms: This includes the Xfinity-branded products and services and other Comcast services that link to this Privacy Policy, including: Xfinity® TV & Streaming, Xfinity Internet, xFi and Xfinity Advanced Security, Xfinity Voice, Xfinity Stream app, Xfinity Wi-Fi service, Xfinity Home, Xfinity Mobile, Xfinity Flex.

Comcast-branded products and services: This includes Comcast services such as Effectv and Comcast Business Services, which are part of Comcast Cable.

Third parties: Third parties are other companies that collect or maintain information about you and share it with us, such as credit bureaus who share information with us when you sign up for service and consent to a credit check.

Respond to your requests: In order to provide better customer service, we keep track of when you contacted us, what the issue was and what is the best way to get in contact with you.

Tailor our services: We collect data from third parties to better understand your interests and provide personalized offers.

Video selection and viewing activity: When you use the video services we directly provide, such as Xfinity TV and the Xfinity Stream App, we know what video selection you made in order to deliver it to you. When you access content from third-party applications on the X1 or Flex platform, we will only know that you accessed that application, not what you do within it.

To help us authenticate you: Some of our services can only be provided in certain geographic areas and require us to know that you are physically located at your service address in order to use them or access information.

DNS: The address book of the Internet is known as DNS, or Domain Name System. It's how people navigate the Internet. Millions of Comcast customers look up billions of addresses online every day. We delete the DNS queries generated by our Internet customers every 24 hours except in very specific cases where we need to research a security or network performance issue, protect against security threats, or comply with a valid legal request. You may decide to keep that information in your account longer when you enable certain features, such as our advanced security services that allow you to see the websites that are blocked for up to 30 days. But we've never used that data for any sort of marketing or advertising – and we have never sold it to anyone.

Network traffic activity: Where you go in the Internet is your business, not ours. We de-identify our customer's network traffic activity within 24 hours and then only use that de-identified information to study our network data to assess how the network is performing, understand trends, stay ahead of capacity demands, and build, test, and improve our products and services. We do that with only a small sample of network data that is aggregated and never identifiable to any customer.

Xfinity Mobile: We don't sell, and have never sold, your location data when you use our Xfinity Mobile service.

Mobile apps: If you are using a mobile device to access our Services, we may need to know the location of your mobile device or other device in which you have installed one of our applications for certain functionality, such as connecting you to a nearby Xfinity WiFi Hotspot. We will request your consent to collect and use precise geolocation information before we do so. You can prohibit the collection of this information through your device's settings (see "Your Choices"), but doing so may limit certain functions and features of our Services.

Demographic: Information like gender, age, and census records.

Interest: Information that indicates your interest in things like sports, travel, or cooking.

Purchase: Information from loyalty program or public records.

Facebook: If you interact with our Services on a device through which you also interact with social networks or if you interact with us through a social media function such as a plug-in (for example, a Facebook "like" button) then you may be permitting us to have on-going access to some information from your social network profile (such as your name, email address, your friend list, photo, age, gender, location, birthday, social networking ID, current city, the people/sites you follow, and so forth). If you don't want a social network to collect the information about you as described above, or you don't want a social network to share it with us and other third parties, please review the privacy settings and instructions of the applicable social network before you interact with our Services.

Measurement and analytics reports for us and others: We and service providers who work on our behalf may combine and use data from our business records – including account information, video activity data, and other usage data – with data from third parties to create measurement and analytics reports. These reports are de-identified or aggregated and do not contain any information that personally identifies you.

We use these reports for many of the purposes described in the Privacy Policy, such as for improving the Services, creating and delivering more personalized advertising on behalf of Comcast and other third parties, determining whether and how an advertiser's messages are viewed, and analyzing the effectiveness of certain advertisements on the Comcast Services and other platforms and services. We also use these reports to work with academic or research groups, and for other uses that help us develop and fund improvements in services and infrastructure. We may share these reports with programmers, advertisers, or others. To learn about the choices you have with respect to our use of your information for these purposes, visit the Xfinity Privacy Preferences Center (www.xfinity.com/privacy/manage-preference).

Opt-in or opt-out settings: For example, if we share personal information that does not personally identify you with others for their own use, we will first give you the choice to opt out of such sharing. In other instances, you may want us to share your name, physical address, or email address with another company, such as when you are signing up for a third-party service through our X1 or Flex Platform. In that instance, we will make sure you give us clear direction to do so, before we pass that information on.

Identifies you: We may share de-identified or aggregate information that in no way identifies you with third parties when those third parties commit to not re-identify that information or share it with others who may attempt to do so, including for academic and other research.

Information that personally identifies you: Personally identifiable information includes things like your name, phone number, physical address, or email address.

Another company: For example, when you are signing up for a third-party service through our X1 or Flex Platform, you may ask us to share contact information to help you register or log on. Or if you were interested in a product you saw advertised on television and wanted to share your contact information so that the product provider could send you more information, we might present that option to you.

Vary: For example, the CCPA puts name and social security number in the same category. We may use your name to send you marketing materials for our products, but we will not use your Social Security Number for marketing or advertising.

La familia de empresas de Comcast

Si Comcast comparte la información personal que recopila sobre usted con otras empresas de Comcast, como las empresas de la marca NBCUniversal, para sus propios fines de comercialización o publicidad, primero le daremos la opción de aceptar o rechazar que se comparta dicha información en el Centro de preferencias de privacidad de Xfinity (www.xfinity.com/privacy/manage-preference)

Titulares de cuentas y otros usuarios autorizados

Podríamos divulgar información sobre la cuenta de un cliente y su uso de un Servicio al titular principal de la cuenta, una vez autenticado debidamente. El titular principal de la cuenta también podría permitir a otros ver información de la cuenta.

Proveedores de servicios

Con el fin de proporcionar y apoyar los servicios, a veces recurrimos a otras empresas en carácter de proveedores de servicios para transmitir, recopilar, procesar o almacenar información en nuestro nombre. Exigimos a estos proveedores que traten la información que compartimos con ellos como información confidencial y que la utilicen únicamente para prestarnos sus servicios. Estos proveedores incluyen:

- **Proveedores de facturación y cobro**, como procesadores de pagos y organizaciones que nos ayudan a evaluar su situación crediticia y de pagos
- **Proveedores contables, de auditoría e impositivos**

- **Proveedores de servicios profesionales**, como firmas que ofrecen servicios de consultoría, nos ayudan a mejorar nuestra programación, prestan servicios legales o suministran recursos y asistencia para proyectos específicos

Terceros

No vendemos, ni hemos jamás vendido a nadie ninguna información que lo identifique personalmente. Aunque la ley federal lo permite, no divulgamos su nombre ni su dirección a organizaciones no gubernamentales, como entidades benéficas o empresas, para sus propios fines de comercialización.

En ocasiones, usted podría pedirnos que compartamos información que lo identifica personalmente con otra empresa. En tal caso, nos aseguraremos de que nos dé instrucciones claras acerca de qué quiere que compartamos y con quién antes de hacerlo.

La divulgación de información a terceros podría incluir:

Empresas de redes sociales

Su interacción con ciertas partes de nuestros Servicios podría hacer que se publique información en sus redes sociales. Por ejemplo, usted podría hacer clic en un botón "me gusta" de Facebook, lo que publicaría que "le gusta" uno de nuestros Servicios en su cuenta de Facebook. En las partes de nuestros sitios web que cuentan con funciones de redes sociales, una red social podría recopilar información acerca de usted. Por ejemplo, si una página contiene un botón "me gusta" de Facebook, Facebook podría recopilar datos acerca de su visita a esa página, incluso si no hace clic en el botón "me gusta". Para controlar la divulgación de esta información, revise la política de privacidad de la red social correspondiente o cierre sesión en la red social antes de usar nuestros Servicios.

Socios de publicidad en línea

Podríamos usar cookies para mostrarle anuncios personalizados cuando visita otros sitios web, los que podrían incluir anuncios basados en los productos y servicios que vio en nuestros Servicios. También permitimos a nuestros socios, incluidos anunciantes y proveedores de servicios, a usar cookies y tecnologías de seguimiento similares cuando usted usa nuestros Servicios. Para obtener más información acerca del uso de cookies y otras tecnologías en nuestros Servicios en línea, consulte la Política de cookies en (<https://www.xfinity.com/privacy/policy/cookie/notice>).

Empresas de estadísticas y medición de audiencias

También colaboramos con socios comerciales que nos ayudan a medir y analizar cómo los clientes utilizan nuestros Servicios. En el caso de video, esto incluye evaluar qué programas son más populares, cuántas personas miran un programa hasta el final, si se miran las publicidades, y qué programación y contenido de video es conveniente ofrecer a través de los Servicios. También incluye determinar cómo prefieren los clientes ver ciertos tipos de programación cuando utilizan nuestros Servicios (por ejemplo, si les gusta ver ciertos programas en vivo o si prefieren verlos por demanda, en dispositivos móviles o en línea). Nuestros socios comerciales pueden compilar esta información en informes con estadísticas combinadas y anónimas que luego se distribuyen comercialmente (por ejemplo, un informe de evaluación que indique qué porcentaje de la audiencia vio un determinado programa en vivo y qué porcentaje lo vio por demanda).

Autoridades de seguridad pública

Si tiene nuestro servicio Xfinity Voice, Comcast divulgará su nombre e información de contacto a autoridades de seguridad pública como los servicios 911/E911 y otros servicios de emergencia relacionados.

Servicios de información sobre abonados, asistencia e identificación de llamadas

Podríamos enviar su nombre, dirección y número de teléfono a editores para que los impriman en directorios y los publiquen en directorios en línea. Una vez que esa información se imprima o se publique en Internet, estará fuera de nuestro control y cualquier persona —incluidos los agregadores de datos— podrá ordenarla, recombinarla y distribuirla nuevamente en diferentes formatos y para diferentes fines, incluidos fines de comercialización. Por un costo adicional, puede optar por tener un número no publicado, lo que significa que Comcast no proporcionará su nombre, dirección ni número de teléfono para que se publiquen en la guía telefónica ni en directorios en línea. También puede optar por publicar su número pero escoger la opción "omitir dirección", lo que significa que no proporcionaremos su dirección postal para su publicación en la guía telefónica ni en directorios en línea. Si contrata el servicio por Internet, seleccione la opción "non-published" (no publicado), de lo contrario, llame a 1-800-XFINITY para adherirse a la opción.

También podríamos distribuir su número de teléfono, nombre y dirección a los proveedores de servicios de información sobre abonados (411). Si tiene un número no publicado, Comcast no distribuirá su número a través de tales servicios. Comcast de todos modos podría compartir su nombre y su dirección con el proveedor del servicio 411 si la ley lo exige (pero el proveedor no estará autorizado a compartir su número no publicado).

Nota: aunque la opción de número no publicado excluye su nombre, dirección y número de teléfono de los directorios impresos y en línea sobre los que Comcast tiene control, un número de teléfono no publicado igual podría formar parte de bases de datos que están fuera del control de Comcast. Esto podría ocurrir, por ejemplo, si su número de teléfono o su dirección actuales se habían publicado anteriormente bajo su nombre, o si usted proporcionó esta información a organismos gubernamentales u otras empresas. Una forma de proteger su privacidad podría ser que solicite la asignación de un nuevo número de teléfono (con el que su nombre no haya estado asociado anteriormente). También puede optar por activar el bloqueo de la identificación de llamadas o seleccionar la opción "no llamar".

La identificación de llamadas proporciona su nombre y número de teléfono a la persona que llama, incluso si tiene un número no publicado. El bloqueo de la identificación de llamadas a nivel de línea bloquea automáticamente la identificación de todas las llamadas que realice desde su número de teléfono registrado. Para activar este bloqueo, llame al 1-800-XFINITY. El bloqueo de la identificación de llamada a nivel de llamada individual solo bloquea su nombre y su número de teléfono en llamadas individuales. Para activar este bloqueo, marque *86 antes de cada llamada que desee bloquear.

Potenciales compradores de nuestra empresa

En caso de una fusión, compra o venta potencial o efectiva de la totalidad o parte de nuestros activos, la información sobre usted y su suscripción se compartirá o transferirá, en la mayoría de los casos, como parte de la transacción. Esto incluye información que lo identifica personalmente. Si esta Política se modifica a causa de tal transacción, consulte la sección "Cambios a esta Política de privacidad", más adelante.

Divulgación a organismos gubernamentales cuando lo exija la ley o sea necesario para proteger a Comcast y otros

En ocasiones, la ley podría exigirnos que divulguemos información sobre usted a terceros. Esto podría ocurrir con o sin su consentimiento y con o sin aviso, de conformidad con los términos de procedimientos legales válidos tales como una citación, una orden judicial o una orden de allanamiento.

Si usted se suscribe a nuestro servicio de Xfinity Video, Comcast podría verse obligada a divulgar información que lo identifique personalmente a una entidad gubernamental en respuesta a una orden judicial. En tal caso, la Ley sobre el servicio de cable (Cable Act) exige que se le dé la oportunidad de presentarse en un proceso judicial para disputar toda demanda hecha en respaldo de la orden judicial y que la entidad gubernamental ofrezca evidencia clara y convincente de sospechas razonables de que usted ha estado involucrado en actividades criminales y que la información que se procura conformaría evidencia de importancia en el caso. Para obtener más información, consulte "Sus derechos y nuestras limitaciones en virtud de las leyes federales".

Si usted se suscribe a los Servicios Xfinity Internet, Voice, Mobile o Home security and automation, Comcast podría verse obligada a divulgar información que lo identifique personalmente a una entidad gubernamental en respuesta a una citación, una orden judicial o una orden de allanamiento, en función del tipo de información que se procure. Por lo general, los términos del proceso judicial nos prohíben notificarlo sobre tal divulgación.

Una entidad no gubernamental, tal como un litigante civil, únicamente puede solicitar información que lo identifique personalmente o información sobre el uso que hace de los Servicios Xfinity Video, Internet o Voice con el respaldo de una orden judicial y, de acuerdo con los términos de la Ley sobre el servicio de cable, tenemos la obligación de notificarlo sobre tal orden judicial. Si Comcast se ve obligada a divulgar información que lo identifique personalmente a un tercero privado en respuesta a una orden de un tribunal civil relacionada con estos u otros Servicios, le notificaremos antes de tal divulgación a menos que la ley nos prohíba hacerlo.

También podríamos divulgar información que lo identifique personalmente de conformidad con la ley y sin su consentimiento cuando ello sea necesario para proteger a nuestros clientes, a nuestros empleados o nuestra propiedad; en situaciones de emergencia; o para afirmar nuestros derechos en virtud de nuestros términos de servicio y nuestras políticas.

CÓMO PROTEGEMOS SU INFORMACIÓN

A fin de evitar el acceso, utilización o divulgación no autorizados de cualquier información personal que recopilemos y guardemos, seguimos las prácticas estándares de la industria para asegurar dicha información. Esas prácticas de seguridad incluyen salvaguardias técnicas, administrativas y físicas, que pueden variar según el tipo de la información y cuán delicada o confidencial sea. Si bien tomamos muy en serio la responsabilidad de salvaguardar su información personal, ninguna medida de seguridad es 100% efectiva y no podemos garantizar que estas prácticas eviten todos los intentos no autorizados de acceder a su información, o de utilizarla o divulgarla. Comcast también toma medidas adicionales para aumentar la seguridad y fiabilidad de las comunicaciones de los clientes. No leemos sus emails entrantes ni salientes, archivos adjuntos, correo de video, chats privados ni mensajes instantáneos. No obstante, nosotros (junto con nuestros proveedores de servicios) utilizamos herramientas de software y hardware para ayudar a prevenir y bloquear correos electrónicos "no deseados" (*spam*), virus, spyware y otras comunicaciones y programas dañinos o no deseados que se envíen y reciban por el correo electrónico de Comcast.net y los Servicios de Comcast. Para ayudar a protegerle a usted y a los Servicios contra estas comunicaciones y programas dañinos o no deseados, estas herramientas pueden escanear automáticamente sus correos electrónicos, correos de video, mensajes instantáneos, archivos adjuntos y otros archivos y comunicaciones. No utilizamos estas herramientas para comercialización ni publicidad.

POR CUÁNTO TIEMPO CONSERVAMOS SU INFORMACIÓN

Conservamos su información personal durante diferentes períodos de tiempo según el tipo de información y los requisitos comerciales y legales. Por ejemplo, si es un cliente, guardamos información que lo identifique personalmente mientras esté suscrito a uno o más de nuestros Servicios. Si cancela su suscripción a un Servicio, es posible que sigamos necesitando esa información para requisitos comerciales y legales, como para protegernos contra el fraude, calcular impuestos o responder a solicitudes legales. Otra información se elimina automáticamente después de un determinado período de tiempo, a menudo establecido por ley, a menos que la ley nos obligue a mantenerla por más tiempo, como en el caso de un litigio pendiente. Destruimos, desidentificamos o anonimizamos la información cuando ya no se necesite en forma identificable.

OPCIONES QUE TIENE PARA CONTROLAR NUESTRO USO DE LA INFORMACIÓN PERSONAL

Tiene muchas opciones con respecto a la forma en que nos comunicamos con usted y cómo usamos o compartimos su información. Estas opciones se pueden controlar en el Centro de preferencias de privacidad de Xfinity (www.xfinity.com/privacy/manage-preference). Si cambia de opinión, puede actualizar sus preferencias en cualquier momento.

Obtenga más información sobre sus opciones de privacidad

Para su conveniencia, creamos el Centro de preferencias de privacidad de Xfinity, donde usted puede controlar:

- los mensajes y notificaciones relacionados con su cuenta;

- sus preferencias relativas a llamadas, mensajes de texto y correo directo de comercialización;
- sus preferencias relativas a llamadas de venta "puerta a puerta";
- los emails promocionales o de comercialización que Comcast podría enviarle;
- los anuncios publicitarios personalizados de productos y servicios de terceros en función de sus intereses.

Puede revisar sus opciones, obtener más información sobre los tipos de actividades de comercialización de las que puede excluirse y tomar sus decisiones. Si cambia de parecer, puede regresar en cualquier momento para actualizar sus preferencias. Ciertas selecciones están vinculadas a su cuenta, por lo cual podría tener que iniciar sesión en My Account de Xfinity.

Entendemos que, en ocasiones, podría querer hablar con un representante de Comcast que le ayude con sus decisiones. Puede llamar a Comcast al [1-800-XFINITY](tel:1-800-XFINITY) y pedirnos que incluyamos su nombre en las listas internas de "no llamar", "no enviar correo" o "no visitar" de la empresa.

CÓMO ACCEDER A LA INFORMACIÓN EN NUESTROS REGISTROS Y CORREGIRLA

Como parte de nuestro compromiso con la transparencia, damos acceso a nuestros clientes a la información de identificación personal que tenemos sobre ellos. Si se suscribe a los Servicios de Xfinity, puede ver y corregir su información de identificación personal a través de los portales My Account o Xfinity Home.

Si es residente de California, es posible que tenga derechos adicionales descritos en la sección "Información especial sobre los derechos de privacidad de los residentes de California" de esta Política de privacidad.

Obtenga más información sobre cómo acceder a la información de cliente que lo identifica personalmente

Si se suscribe a un Servicio Xfinity, puede corregir o actualizar su información visitando el portal My Account o poniéndose en contacto con nosotros como se indica más adelante. Si es cliente de Xfinity Home, puede visitar el portal para suscriptores disponible en xfinity.com/xhportal en cualquier momento. Corrigiremos nuestros registros después de verificar que los cambios solicitados sean pertinentes.

Si se suscribe a los servicios Xfinity TV, Internet o Voice y quiere ver su propia información que lo identifica personalmente (que no sea su información de red específica del cliente o CPNI), puede hacerlo en su oficina local de Comcast. Para ello, envíe un correo electrónico a Comcast_Privacy@comcast.com o llame al 1-800-XFINITY y concédanos un tiempo razonable para encontrar la información (y, de ser necesario, prepararla para que la examine) y para programar una cita durante el horario comercial normal. Deberá identificarse debidamente y únicamente se le permitirá examinar la información en su propia cuenta, no la de otras.

Si solicita por escrito una copia de su CPNI relacionada con los Servicios Xfinity Voice o Mobile, le enviaremos la información pertinente por correo a la dirección que figura en su cuenta o a otra persona que usted autorice, si creemos razonablemente que la solicitud es válida. Sin embargo, los abonados de nuestros Servicios Xfinity Voice y Mobile deben saber que, en general, no proporcionamos registros de llamadas entrantes ni salientes, ni otros registros que no proporcionemos habitualmente como parte de nuestras actividades comerciales (por ejemplo, como parte de una factura) o que estén disponibles únicamente en nuestros archivos, excepto mediante un proceso legal válido, como una orden judicial. Además, no podremos corregir errores que pudiera haber en los nombres, las direcciones o los números de teléfono de los clientes que aparezcan (o se hayan omitido) en los directorios de nuestros proveedores, hasta tanto no se publique la siguiente versión de tales directorios. Tampoco podríamos tener control sobre la información que figure en los directorios o en las listas de servicios de información telefónica de editores o proveedores que no sean de nuestra propiedad.

Siempre que la ley lo permita, Comcast se reserva el derecho de cobrarle una tarifa razonable por obtener y fotocopiar los documentos o información que usted solicite.

SUS DERECHOS Y NUESTRAS LIMITACIONES SEGÚN LAS LEYES FEDERALES

La Ley federal sobre el servicio de cable impone limitaciones a nuestra recopilación y divulgación de información que lo identifique personalmente cuando se suscribe a Servicios que emplean la infraestructura del sistema de cable de Comcast. La Ley de comunicaciones impone restricciones a nuestro uso y divulgación de su CPNI cuando usa Servicios que se consideran servicios de telecomunicaciones.

Obtenga más información sobre sus derechos y nuestras limitaciones en virtud de las leyes federales

La Ley de Cable y la Información de Identificación Personal

Esta Política de privacidad está diseñada para cumplir con la Sección 631 de la Ley de Política de Comunicaciones por Cable de 1984, según enmendada, (la "Ley de Cable"). La Ley de Cable permite que Comcast use el sistema de cable para recopilar información de identificación personal sobre usted. La información de identificación personal es información que lo identifica a usted específicamente, no incluye información no identificativa, anónima, agregada u otro tipo de datos que no lo identifican a usted. Podremos recopilar información que lo identifique personalmente cuando sea necesario para prestarle servicios de cable u otros servicios y para detectar una recepción o utilización no autorizada de tales servicios. Con su previa autorización por escrito o electrónica, también podremos utilizar el sistema de cable para recopilar información de identificación personal sobre usted para otros fines. La Ley de Cable también permite a Comcast divulgar información de identificación personal si tal divulgación es necesaria para proporcionar o conducir una actividad legítima de negocios relacionada con el servicio de cable u otros servicios que le suministramos, si lo requiere la ley o un proceso legal o si está limitada a su nombre y dirección, sujetos a su consentimiento con opción de exclusión. La frecuencia de cualquier divulgación de información de identificación personal varía de acuerdo con nuestras necesidades y actividades comerciales, según lo descrito en esta Política.

Si usted cree que ha sido perjudicado por una acción nuestra en violación de la Ley de Cable o de otra ley aplicable, le pedimos que nos contacte directamente en Comcast_Privacy@comcast.com para resolver su consulta o inquietud. También puede afirmar las limitaciones que nos impone la Ley de Cable, según correspondan a su información de identificación personal, por medio de una querrela civil para cubrir daños y perjuicios, honorarios de abogados y costos de litigación. También podría tener otros derechos y recursos de conformidad con las leyes federales y otras leyes también pertinentes.

Esta Política de privacidad no sustituye, acrecienta ni modifica ningún acuerdo de arbitraje que lo obligue como suscriptor a uno o más de los Servicios.

La Ley de Comunicaciones y CPNI

La Sección 222 de la Ley de Comunicaciones de 1934, según enmendada (la "Ley de Comunicaciones"), dispone protecciones adicionales de privacidad para información sobre la cantidad, configuración técnica, tipo, destino, ubicación y monto de su utilización de los servicios de telecomunicaciones, incluyendo los servicios de Xfinity Voice y Mobile, y la información sobre esos servicios que contiene su factura por los mismos. Esa información se conoce como información de red específica del cliente o CPNI. La CPNI no incluye su nombre, dirección o número de teléfono, que en la Ley de Comunicaciones se define como "información de la lista de suscriptores". Sin embargo, se considera de otra forma que esos datos conforman información de identificación personal.

Si usted es cliente del servicio de Xfinity Voice o Mobile, u otro Servicio que esté sujeto a esos requisitos, tiene el derecho, y Comcast la obligación, conforme a la Ley de Comunicaciones y otras leyes aplicables, de proteger la confidencialidad de su CPNI. Además, las regulaciones de la FCC disponen opciones y protecciones adicionales de privacidad con respecto a la utilización y el intercambio de CPNI que corresponden específicamente a nuestros servicios de Voice y Mobile y que describimos en esta Política.

INFORMACIÓN ESPECIAL SOBRE LOS DERECHOS DE PRIVACIDAD DE LOS RESIDENTES DE CALIFORNIA

La Ley de Privacidad del Consumidor de California de 2018 (CCPA) otorga a los residentes de California el derecho a recibir ciertas divulgaciones relacionadas con la recopilación, uso y divulgación de la "Información personal", así como el derecho de acceder a cierta Información personal que recopilamos sobre ellos, eliminarla y limitar la venta de la misma. Para ejercer estos derechos, puede enviar una solicitud ingresando en <https://www.xfinity.com/privacy/requests> o llamándonos al 1-844-963-0138. La CCPA define "Información

personal" como "información que identifica a un determinado consumidor u hogar, se relaciona con el mismo, lo describe, o podría asociarse o vincularse razonablemente con él, directa o indirectamente". Si es residente de California, tiene derecho a no recibir un trato discriminatorio por el ejercicio de los derechos de privacidad que le confiere la CCPA.

De acuerdo con la ley de California "Shine the Light" (Cal. Código civil §1798.83), los residentes del estado también tienen derecho a solicitar información sobre terceros a quienes la compañía ha revelado ciertas categorías de información personal durante el año anterior para fines de comercialización directa de tales terceros. Según esta ley, información personal se refiere a "cualquier información que, cuando se divulgó, identificó, describió o pudo asociarse con un individuo". No divulgamos este tipo de información personal a terceros para sus propios fines y le permitimos excluirse de la divulgación de información personal no identificable. De todos modos, si usted es residente de California y desea obtener más información, envíe un email a Comcast_Privacy@comcast.com.

No permitimos deliberadamente que otros, con el paso del tiempo, recopilen información de identificación personal sobre sus actividades en línea y en los sitios web de terceros cuando utiliza nuestros Servicios en línea. Debido a que aún no se han establecido definiciones ni reglas para una norma de "No rastrear", ni se ha establecido si las señales del caso deben ser habilitadas por el usuario, Comcast aún no responde a señales de "No rastrear" enviadas desde los navegadores. Para obtener más información sobre cookies y otras tecnologías de rastreo en línea, visite nuestro Aviso sobre cookies (<https://www.xfinity.com/privacy/policy/cookiepolicy>). Para controlar sus preferencias, visite el Centro de preferencias de privacidad de Xfinity (www.xfinity.com/privacy/manage-preference).

Recopilación y uso de información personal

La sección general de esta Política de privacidad describe, en categorías fáciles de entender, los tipos de información personal que recopilamos, cómo la recopilamos y cómo la usamos. No vendemos información que lo identifique a personalmente a nadie. Para optar por excluirse de la venta o divulgación de información que no lo identifica, visite la Página de preferencias de Xfinity (www.xfinity.com/privacy/manage-preference). Derecho a conocer la información recopilada y solicitar su eliminación

Los residentes de California tienen el derecho de solicitar que les informemos qué información personal recopilamos, usamos y vendemos, así como el derecho de solicitar que eliminemos cierta información personal que hemos recopilado acerca de ellos. Para iniciar este proceso, visite <https://www.xfinity.com/privacy/requests>. Para su seguridad y para garantizar que ningún tercero no autorizado pueda acceder a su información personal, le pediremos que verifique su identidad antes de atender sus solicitudes. Si actualmente es cliente o todavía tiene acceso al portal My Account de Xfinity, le pediremos que se autentique a través de su cuenta. Si no tiene una cuenta con nosotros, deberá proporcionarnos una dirección de correo electrónico y un número de teléfono móvil para iniciar el proceso de verificación. También podría tener que presentar una identificación válida, con foto, emitida por el gobierno. Si solicita acceso en nombre de otra persona, deberá verificar su identidad y demostrar que cuenta con la autorización del individuo a cuya información personal desea acceder.

En la respuesta a su solicitud de acceso, podríamos omitir cierta información, como información que podría afectar la privacidad de otros o interferir con exigencias legales. Análogamente, podría haber motivos por lo que podríamos no atender sus solicitudes de eliminación, como la necesidad de conservar su información personal para brindarle un servicio o para cumplir con una obligación legal.

Derecho a recibir información relativa a la participación en programas para compartir datos a cambio de incentivos económicos

Podríamos organizar promociones ocasionalmente y pedirle que comparta información personal con nosotros a cambio de descuentos. Por ejemplo, podríamos ofrecer un descuento por única vez a los clientes que se suscriban a nuestra lista de comercialización por correo electrónico. Siempre le daremos avisos claros sobre este tipo de programas cuando se registre y la participación siempre será voluntaria. Si cambia de parecer, siempre podrá excluirse y el hecho de no participar no afectará su uso de nuestros Servicios.

Si desea presentar una solicitud para ejercer sus derechos tiene las siguientes opciones:

MÁS INFORMACIÓN ACERCA DE ALGUNOS TÉRMINOS Y FRASES UTILIZADOS EN ESTA POLÍTICA

A continuación, encontrará ejemplos ilustrativos y más información acerca de los términos utilizados en esta política que tienen el símbolo ⓘ a su lado.

Información personal: incluye toda información que esté vinculada o pueda vincularse razonablemente con usted o su hogar.

Productos, servicios, redes y plataformas Xfinity: abarca los productos y servicios marca Xfinity y otros servicios de Comcast vinculados con esta Política de privacidad, incluidos los siguientes: Xfinity® TV & Streaming, Xfinity Internet, xFi y Xfinity Advanced Security, Xfinity Voice, Xfinity Stream app, Xfinity Wi-Fi service, Xfinity Home, Xfinity Mobile y Xfinity Flex.

Productos y servicios marca Comcast: incluye servicios de Comcast como Effectv y los Servicios Comerciales de Comcast (Comcast Business Services), que son parte de Comcast Cable.

Terceros: se refiere a otras empresas que recopilan o conservan información acerca de usted y la comparten con nosotros, como agencias crediticias que comparten información con nosotros cuando usted se registra en un servicio y presta su consentimiento para una evaluación crediticia.

Responder a sus solicitudes: para brindarle mejor atención, llevamos un registro de las oportunidades en las que nos contactó, cuál fue el asunto y cuál es la mejor forma de comunicarnos con usted.

Adaptar nuestros servicios: recopilamos datos de terceros para entender mejor sus intereses y acercarle ofertas personalizadas.

Actividad de selección y visualización de videos: cuando usa los servicios de video que ofrecemos directamente, como Xfinity TV y la app Xfinity Stream, sabemos qué video seleccionó para poder entregárselo. Cuando accede al contenido de aplicaciones de terceros en la plataforma X1 o Flex, solo sabremos que accedió a la aplicación, no lo que hace dentro de ella.

Para ayudarnos a autenticarlo: algunos de nuestros servicios solo se ofrecen en ciertas regiones geográficas, por lo cual, para usar esos servicios o acceder a información relacionada, necesitamos saber que se encuentra físicamente en su dirección de servicio.

DNS: el "directorio de direcciones" de Internet se conoce como "*Domain Name System*", Sistema de Nombres de Dominio o DNS. Así es como las personas navegan en Internet. Millones de clientes de Comcast consultan miles de millones de direcciones en Internet todos los días. Eliminamos las consultas DNS generadas por nuestros clientes de Internet cada 24 horas, excepto en casos muy específicos, cuando necesitamos investigar un problema de seguridad o rendimiento de la red, protegernos contra amenazas de seguridad o atender una solicitud legal legítima. Usted puede decidir mantener esa información en su cuenta durante más tiempo al habilitar ciertas características, como nuestros servicios avanzados de seguridad que le permiten ver los sitios web bloqueados durante un máximo de 30 días. Sin embargo, nunca hemos usado esta información para ningún tipo de comercialización o publicidad ni la hemos vendido a terceros.

Actividad de tráfico de red: qué sitios visita en Internet es asunto suyo, no nuestro. Anonimizamos la actividad de tráfico de red de nuestros clientes en el término de 24 horas. Luego, únicamente usamos la información anonimizada para estudiar datos de la red con el fin de evaluar su rendimiento, entender tendencias, anticipar la demanda y desarrollar, probar y mejorar nuestros productos y servicios. Estas tareas se basan en una muestra pequeña de todos los datos de red combinados que nunca permite identificar a un cliente en particular.

Xfinity Mobile: no vendemos ni jamás hemos vendido información sobre su ubicación cuando usa nuestro servicio Xfinity Mobile.

Aplicaciones móviles: si usa un dispositivo móvil para acceder a nuestros Servicios, podríamos necesitar conocer la ubicación de su dispositivo móvil u otro dispositivo en el que haya instalado una de nuestras aplicaciones para ciertas funciones, como conectarlo a un punto de acceso WiFi Xfinity cercano. Antes de hacerlo, le pediremos su consentimiento para recopilar y usar información de geolocalización precisa. Usted puede usar las opciones de configuración de su dispositivo para negarse a la recopilación de esta información (consulte la sección "Sus opciones") pero, si lo hace, ciertas funciones y características de los Servicios podrían verse limitadas.

Información demográfica: información como el sexo, la edad y los registros censuales.

Información sobre intereses: información que indica sus intereses en temas como deportes, viajes o cocina.

Información sobre compras: información proveniente de programas de fidelidad o registros públicos.

Facebook: si interactúa con nuestros Servicios mediante un dispositivo con el que también interactúa con redes sociales, o si interactúa con nosotros mediante una función de una red social como un complemento (por ejemplo, un botón "me gusta" de Facebook), podría autorizarnos a tener acceso continuo a cierta información de su perfil en dicha red social (como su nombre, su dirección de correo electrónico, su lista de amigos, su foto, su edad, su sexo, su ubicación, su cumpleaños, su ID en la red social, su ciudad actual, las personas y los sitios que sigue, etc.). Si no quiere que una red social recopile información como la mencionada sobre usted o no quiere que la comparta con nosotros y otros terceros, examine la configuración de privacidad y las instrucciones de la red social correspondiente antes de interactuar con nuestros Servicios.

Medición e informes estadísticos para nosotros y para terceros: nosotros y los proveedores de servicios que operan en nuestro nombre podríamos combinar y usar información de nuestros registros comerciales (incluida información sobre cuentas, datos sobre la actividad de video y otra información sobre el uso) con información de terceros con el fin de crear informes de mediciones y estadísticas. Estos informes están anonimizados o combinados y no contienen ninguna información que lo identifique personalmente.

Usamos estos informes para muchos de los fines descritos en la Política de privacidad, como para mejorar los Servicios, crear y ofrecer publicidad más personalizada en nombre de Comcast y otros terceros, determinar si los mensajes de un anunciante se visualizan y cómo, y analizar la efectividad de ciertos anuncios en los Servicios de Comcast y en otros servicios y plataformas. También usamos estos informes para trabajar con grupos académicos o de investigación y para otros usos que nos ayudan a desarrollar y financiar mejoras

en los servicios y la infraestructura. Podríamos compartir estos informes con programadores, anunciantes u otros. Para obtener más información sobre las opciones que tiene en relación con el uso de su información con estos fines, consulte el Centro de preferencias de privacidad de Xfinity (www.xfinity.com/privacy/manage-preference).

Configuración de opciones de inclusión o exclusión: por ejemplo, si compartimos con otros información personal que no lo identifica personalmente para uso de tales terceros, primero le daremos la opción de excluirse. En otros casos, usted podría querer que compartamos su nombre, dirección física o dirección de correo electrónico con otra empresa (por ejemplo, cuando se suscribe a un servicio de un tercero a través de la plataforma X1 o Flex). En tales casos, nos aseguraremos de que nos dé instrucciones claras antes de compartir esa información.

Información que lo identifica: podríamos compartir con terceros información anonimizada o combinada que no lo identifica en forma alguna si dichos terceros se comprometen a no desanonimizar la información ni compartirla con otros que podrían intentar hacerlo, incluso para fines académicos o de investigación.

Información que lo identifica personalmente: información que lo identifica personalmente significa datos como su nombre, su número de teléfono, su dirección física o su dirección de correo electrónico.

Otra empresa: por ejemplo, cuando se suscribe a un servicio de un tercero a través de nuestra plataforma X1 o Flex, podría pedirnos que compartamos información de contacto para ayudarle a registrarse o iniciar sesión. O bien, si le interesara un producto que vio anunciado en televisión y quisiera compartir su información de contacto para que el proveedor del producto le envíe más información, podríamos brindarle esa opción.

Variar (de una categoría a otra): por ejemplo, la CCPA coloca el nombre y el número de seguro social en la misma categoría. Podríamos usar su nombre para enviarle material de comercialización sobre nuestros productos, pero no usaremos su número de seguro social para fines de comercialización ni publicidad.

This notice is required by the Rules of the Federal Communications Commission. Comcast Digital Voice service (CDV) may have the 911/E911 limitations listed below. I understand and agree to the following: In order for my 911 to be properly directed to emergency services, Comcast must have my correct service address. If I move CDV to a different address without Comcast's approval, 911 calls may be directed to the wrong emergency authority, may transmit the wrong address, and/or CDV (including 911) may fail altogether. CDV uses the electrical power in my home. If there is an electrical power outage, 911 calling may be interrupted if the battery back-up in the associated multimedia terminal adapter is not installed, fails or is exhausted after several hours. Calls, including calls to 911, may not be completed if there is a problem with the network facilities, including network congestion, network/equipment/power failure, or another technical problem. Prior to changing my address, or if I have any 911-related questions, I will call 1-800-Comcast. Comcast will need several business days to update my service address in the E911 system. USE OF CDV AFTER DELIVERY OF THIS DOCUMENT CONSTITUTES YOUR ACKNOWLEDGEMENT OF THE E911 NOTICE ABOVE. By signing below, I represent that I am at least 18 years old; I am the owner of, or tenant in, the premises at the above address and that the installation, repair or other work provided has been satisfactorily completed. If this work order relates to the initial installation of services, I acknowledge receipt of the Comcast Welcome Kit which contains the Comcast Residential Customer Agreement, the Comcast Cable Subscriber Policy Notice and other important information about the services. I agree to be bound by the Comcast Customer Agreement which constitutes the agreement between Comcast and me for the services as well as any applicable Comcast acceptable use policies. If other non-installation work was provided, I agree to be bound by the current Comcast Customer Agreement as well as any applicable Comcast acceptable use policies. I authorize Comcast to obtain a credit report from a consumer credit agency in connection with the provision of the services I am receiving. IF I SUBSCRIBE TO COMCAST DIGITAL VOICE, I ACKNOWLEDGE MY RECEIPT AND UNDERSTANDING OF THE E911 NOTICE ABOVE.
