**Subject:** [Bourne MA] MMA Outflow Pipe Into Cannel (Sent by Joseph Grobleski,  
[REDACTED])

Hello jamespotter,

Joseph Grobleski [REDACTED] has sent you a message via your contact form (<https://www.townofbourne.com/users/jamespotter/contact>) at Bourne MA.

Message:

I watched the Sewer Commission's meeting this evening. I listened to the presentation and all the comments. Nitrogen was THE topic of the presentation. My thought is how much Nitrogen does the Outflow Pipe from the base produce? Should that be compared or does it not matter? Lastly, I must say you sure do a great job running this type of meeting!

Thank You  
Joe Grobleski
