Subject: Climate Change Article for Our Spring Town Meeting

Dear Board Members,

I recently received a copy of a proposed climate change policy article that a group of Falmouth voters are going to present for consideration and hopefully approval at their spring town meeting.

I think this type of policy should also be pursued at our spring town meeting but I feel it should be sponsored by the town's leadership team, the Board of Selectmen. As a resident, I think long range policies like this define the character of the town; focus on residents quality of life and add value to the town by setting us apart from most Massachusetts towns.

I have edited the Falmouth article and inserted the "Town of Bourne" in place of the "Town of Falmouth". The proposed article reads as follows:

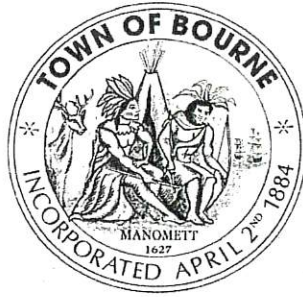

To see if the town will vote to adopt the following resolution:

Be it resolved that the Town of Bourne recognizes that the climate emergency, driven by human activity including energy consumption and land use practices and leading to global warming, rising seas, deadly storms, dangerous heat waves, acidifying oceans, and melting ice sheets, poses a threat to the health, safety and economic security of the residents of the Town. The Town of Bourne therefore adopts as its policy the objective of reducing net greenhouse gas emissions from human activity within and by the Town to zero at the earliest technically and economically feasible time, and requests the Board of Selectmen to direct all officers and departments of the Town to take such measures within the scope of their respective responsibilities and authority as may be necessary and prudent to facilitate such policy and objective.

Thank you for your consideration. Would you please advise me if you plan to move forward and include this article in the spring town meeting.

Members Absent:

Chief Dennis R. Woodside, Ex-Officio

Public in Attendance:

Peter Meier

The meeting opened at approximately 4:10 PM on Wednesday, February 5, 2020 at the Bourne Town Hall Lower Conference Room.

Discussion on Solicitation Bylaw

Brandon Esip explained that since the Bylaw was approved at town meeting, the Attorney General's Office found the bylaw lacked a specific timeline for how long the town had to approve or deny permits and specific criteria to be used for approving or denying a permit.

A draft updated bylaw was passed around with the original bylaw wording and the recommended changes.

Brandon Esip relayed discussions he had with Nicole Caprioli (Attorney General's Office). She had reviewed the amended changes and although the AGO cannot comment on the likelihood of a bylaw to be approved that has yet to be voted at Town Meeting, she indicated that the areas of previous concern had been addressed appropriately. She had also indicated several areas that could generate a "comment", which were also addressed satisfactorily.

Members present reviewed the recommended changes and discussed.

Peter Meier inquired if this proposed change would be going on the May Town Warrant. Brandon Esip advised that if the committee so voted, that would be the plan. Brandon Esip expressed his willingness to discuss the proposed bylaw and why changes were necessary with the Board of Selectmen and Finance Committee. Peter Meier advised he would relay that to the Selectboard and indicated that one of the joint sessions may be a good time for such a discussion.

Members discussed that the proposed changes had the police department as being responsible for processing Permits to Solicit and that the appeals process was still left with the Board of Selectmen. Brandon Esip explained that this was in line with other bylaws that have been approved in the state.

Peter Meier inquired about Exemptions and Brandon Esip explained that while the previously approved bylaw already had an exemption section, the language was cleaned up to make it more clear. Kathleen LeGacy inquired how the Boy Scout/Girl Scouts would fall into the bylaw. It was explained that those organizations fall under the non-commercial and civic exemptions.

Motion made by George Sala to accept the proposed changes to the bylaw as presented to the committee and to submit the bylaw to the Selectmen for inclusion on the May Town Warrant. Motion seconded by Kathleen LeGacy. No further discussion. Motion APPROVED 5-0.

Minutes from the October 16, 2019 meeting were reviewed

Motion made by Kathleen LeGacy to accept the minutes as printed. Motion seconded by Franchesca Ferguson. Minutes APPROVED 5-0

Public Commentary

None

Motion made by George Sala to adjourn. Seconded by Brandon Esip. Passed unanimously. Meeting closed at approximately 4:30 PM

Respectfully Submitted,

Brandon M. Esip
Clerk, Town of Bourne Bylaw Committee
