April 27, 2020

Dear Mr. Wagner,

Thank you for your generous donation to the Shellfish Donation Fund! Your donation will be used to make a difference in our community and we are thrilled to have your support. We are extremely grateful for every donation that the Natural Resources Department receives, so thank you again for even considering to make this generous donation to the shellfish propagation program in the Town of Bourne. We will be able to use this donation to help purchase new shellfish seed (scallops, quahogs, oysters, softshell clams) for next season which allows us to further enhance our shellfish habitat throughout our local waterways for both recreational and commercial purposes.

With the difficult financial times that local families and commercial fishermen are facing, your donation to purchase additional shellfish seed hopefully can alleviate some of their stress and provide a locally harvested food source for all.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Southwood".

Chris Southwood
