

OFFICE OF THE GOVERNOR
COMMONWEALTH OF MASSACHUSETTS
 STATE HOUSE • BOSTON, MA 02133
 (617) 725-4000

CHARLES D. BAKER
 GOVERNOR

KARYN E. POLITO
 LIEUTENANT GOVERNOR

**ORDER FURTHER ADVANCING PHASE III RE-OPENINGS IN MUNICIPALITIES
 WITH REDUCED INCIDENCE OF COVID-19 INFECTION**

COVID-19 Order No. 51

WHEREAS, on March 10, 2020, I, Charles D. Baker, Governor of the Commonwealth of Massachusetts, acting pursuant to the powers provided by Chapter 639 of the Acts of 1950 and Section 2A of Chapter 17 of the General Laws, declared that there now exists in the Commonwealth of Massachusetts a state of emergency due to the outbreak of the 2019 novel Coronavirus ("COVID-19");

WHEREAS, on March 11, 2020, the COVID-19 outbreak was characterized as a pandemic by the World Health Organization;

WHEREAS, the Federal Centers for Disease Control and Prevention ("CDC") have advised that COVID-19 is spread mainly by person-to-person contact and that the best means of slowing the spread of the virus is through practicing social distancing and by minimizing personal contact with large groups and with environments where this potentially deadly virus may be transmitted including, in particular, spaces that present enhanced risks because of the large number of persons present or passing through the area who may spread the virus through respiratory activity or surface contacts;

WHEREAS, on March 23, 2020, in order to restrict all non-essential person-to-person contact, non-essential movement outside the home, and reduce opportunities for spreading the COVID-19 virus within the Commonwealth, I issued COVID-19 Order No. 13, which temporarily closed the brick-and-mortar premises of businesses and organizations that do not provide COVID-19 Essential Services;

WHEREAS, in response to gradual improvements in the public health data, on May 18, 2020, June 6, 2020, and July 2, 2020, I issued COVID-19 Orders No. 33, 37, and 43, respectively, which designated certain businesses and other organizations as Phase I, II, III, or IV enterprises and initiated a progressive, phased plan for re-opening workplaces and other facilities across the Commonwealth;

WHEREAS, the CDC, the Department of Public Health, and other public health authorities continue to improve their understanding of how COVID-19 is spread, where the risk of spread is greatest, and how best to mitigate the risk of transmission, which permits periodic adjustments to safety measures addressing commercial, recreational, and social activities;

WHEREAS, a sustained trend of improvement in public health data for the Commonwealth has supported a continuing, carefully phased relaxation of restrictions on businesses and other organizations, provided that such adjustments can only be maintained or expanded on the basis of continuing positive trends in the public health data;

WHEREAS, public health data measuring the incidence of COVID-19 can be monitored at the level of the individual municipality, and this permits a targeted relaxation of restrictions on businesses and other organizations operating in municipalities that demonstrate a lower incidence rate of infection over a sustained period; and

WHEREAS, sections 7, 8, and 8A of Chapter 639 of the Acts of 1950 authorize the Governor, during the effective period of a declared emergency, to exercise any and all authority over persons and property necessary or expedient for meeting the state of emergency, including but not limited to authority over assemblages in order to protect the health and safety of persons, transportation and travel by any means or mode, regulating the sale of articles of food and household articles, variance of the terms and conditions of licenses and permits issued by the Commonwealth or any of its agencies or political subdivisions, and policing, protection, and preservation of public and private property;

NOW, THEREFORE, I hereby Order the following:

1. Advancement of Lower Risk Communities to Phase III, Step 2

Effective October 5, 2020, municipalities that qualify as “Lower Risk Communities” based on metrics reported by the Department of Public Health (“DPH”) and as described below shall advance to Step 2 of Phase III of the Commonwealth’s phased Re-Opening Plan. Municipalities that do not qualify as Lower Risk Communities shall not advance to Step 2 of Phase III.

For the purposes of this Order, a “Lower Risk Community” shall mean a community that, as of the date of the most recent weekly COVID-19 Public Health Report published by DPH, has had an average daily incidence rate of 8 or fewer cases per 100,000 residents as recorded in each of the 3 most recent 14-day measurement periods (the “Lower Risk metric”).

Within Lower Risk Communities, upon the commencement of Step 2 of Phase III:

- a. Businesses and other organizations identified as Phase III, Step 2 enterprises in Schedule A attached hereto may open their brick-and-mortar premises to workers, customers, and the public;
- b. Phase I, II, and III enterprises, as identified in Schedule A, may begin operating pursuant to revised Sector-Specific COVID-19 workplace safety rules, issued under the authority of COVID-19 Orders No. 33, 37, and 43, that may provide for increased capacity and other adjustments to safety protocols upon the commencement of Step 2 of Phase III; and
- c. Revised capacity allowances for gatherings shall apply pursuant to COVID-19 Order No. 52, of even date with this Order, or pursuant to any later Order further adjusting capacity allowances for gatherings.

A municipality that does not qualify as a Lower Risk Community shall subsequently qualify as a Lower Risk Community and shall advance to Step 2 of Phase III upon the publication by DPH of a weekly COVID-19 Public Health Report documenting that the municipality meets the Lower Risk metric specified above.

2. Requirement of Continuing Lower Risk Status

A municipality that qualifies as a Lower Risk Community, either on October 5, 2020 or subsequently, shall cease to qualify as a Lower Risk Community if at any time in a weekly report published by DPH the municipality has had an average daily incidence rate of more than 8 cases per 100,000 residents as recorded in each of the 3 most recent 14-day measurement periods.

Within a municipality that ceases to qualify as a Lower Risk Community, rules and allowances applicable to Step 1 of Phase III shall apply. Accordingly:

- a. Businesses and other organizations identified as Phase III, Step 2 enterprises in Schedule A attached hereto must immediately close their brick-and-mortar premises to workers, customers, and the public;
- b. Phase I, II, and III enterprises, as identified in Schedule A, may not operate pursuant to revised Sector-Specific COVID-19 workplace safety rules providing for increased capacity and other adjustments applicable to enterprises operating under Step 2 of Phase III; and
- d. Reduced capacity allowances for gatherings shall apply pursuant to COVID-19 Order No. 52, of even date with this Order, or pursuant to any later Order further adjusting capacity allowances for gatherings.

3. COVID-19 Workplace Safety Rules for Step 2 of Phase III

The Director of the Department of Labor Standards shall issue, subject to my approval (i) Sector-Specific COVID-19 workplace safety rules, as that term is defined in Section 4 of COVID-19 Order No. 43, applicable to Step 2 enterprises permitted to open their brick-and-

mortar premises to workers, customers, and the public as provided in Section 2 of this Order; and (ii) revised Sector-Specific COVID-19 workplace safety rules that may provide for increased capacity and other adjustments for Phase I, III, and III enterprises also as provided in Section 2 of this Order.

The provisions of Sections 4 and 5 of COVID-19 Order No. 43 (and Section 4 of COVID-19 Order No. 37 as incorporated in COVID-19 Order No. 43), which set requirements for compliance with generally applicable and Sector-Specific COVID-19 safety rules and mechanisms for enforcement for all Phase III enterprises shall apply to Step 2 enterprises authorized to open their premises pursuant to this Order. Any penalty issued in an enforcement action shall be administered as provided in COVID-19 Order No. 48.

This Order is effective immediately and shall remain in effect until rescinded or until the state of emergency is ended, whichever occurs first.

Given in Boston at 12:46 PM this
29th day of September, two thousand and
twenty

CHARLES D. BAKER
GOVERNOR
Commonwealth of Massachusetts

Schedule A
to COVID-19 Order No. 51 issued September 29, 2020

	All Phase I, II, III, and IV enterprises are required to comply with general and, where applicable, sector-specific COVID-19 workplace safety rules administered by DPL, DPH, EEA, and local boards of health. Baker-Polito Administration Announces Transition to Step II of Phase III for Lower Risk Communities Effective October 5th

BOSTON – The Baker-Polito Administration today announced that effective Monday, October 5th, lower risk communities will be permitted to move into Step II of Phase III of the Commonwealth’s reopening plan. All other communities will remain in Phase III, Step I. Governor Charlie Baker also issued a revised gatherings order. Industry specific guidance and protocols for a range of Phase I, II, and III businesses will also be updated.

Phase III, Step II:

On May 18, the Baker-Polito Administration released a four-phased plan to reopen the economy based on sustained improvements in public health data.

Last month, the Administration began releasing data on the average daily COVID cases per 100,000 residents, average percent positivity, and total case counts, for all 351 Massachusetts cities and towns.

Lower risk communities are defined as cities and towns that have not been a “red” community in any of the last three weekly Department of Public Health (DPH) weekly reports.

Effective October 5, a limited number of sectors will be eligible to reopen, with restrictions, in Step II of Phase III for lower risk communities only:

- Indoor performance venues will be permitted to open with 50% capacity with a maximum of 250 people.
- Outdoor performance venue capacity will increase to 50% with a max of 250 people.

- For arcades and indoor and outdoor recreation businesses, additional Step II activities like trampolines, obstacle courses, roller rinks and laser tag will also be permitted to open and capacity will increase to 50%.
- Fitting rooms will be permitted to open in all types of retail stores.
- Gyms, museums, libraries and driving and flight schools will also be permitted to increase their capacity to 50%.

Revised Gatherings Order:

- The limit for indoor gatherings remains at a maximum of 25 people for all communities.
- Outdoor gatherings at private residences and in private backyards will remain at a maximum of 50 people for all communities.
- Outdoor gatherings at event venues and in public settings will have a limit of 50 people in Step I communities, and a limit of 100 people in lower risk, Step II communities.
