MIC'S MAIN SCOOP

Letter to the Board of Health

Members of the Board,

My name is Michaela Michienzi and I am the owner of Mic's Main Scoop, as well as a 25 year resident of the Town of Bourne.

My goal in opening Mic's Main Scoop at 100 Main Street is to provide customers with a small restaurant where they can enjoy a quick meal or a sweet snack. The shop is designed to serve primarily takeout food, with the 24 total permitted seats being split with 9 indoor seats and 15 seats on the patio.

Our offerings will include a variety of fried foods, sandwiches, both soft and hard serve ice creams, milkshakes, and an assortment of candies.

With the central location of this establishment, and its close borders with town property, we hope to contribute to tying our community together and the continued growth of the downtown area.

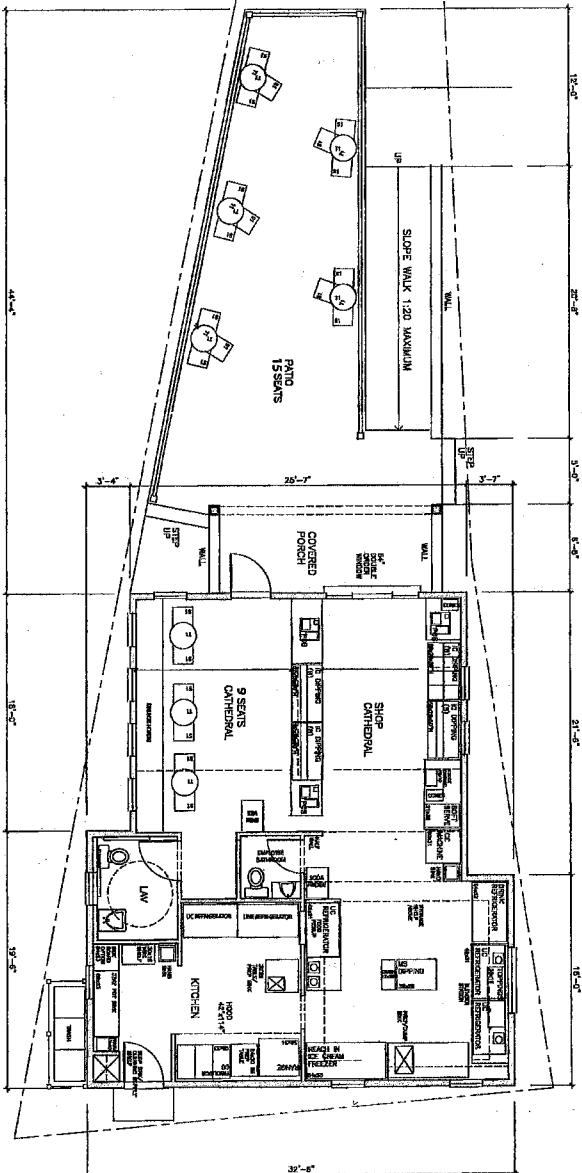

After a preliminary walk-through with Board of Health representatives on March 29, we addressed all of the tips and required changes that were brought to our attention including: *hand sink paper towel holders added to the work area, extra thermometers on-site, food management and allergy certificates posted, self-dispensing sanitizer system added to the wash sink, first aid/bodily fluids kits available, date marking stickers accessible in prep area*

To all the Board Members and Town Representatives who provided us with help and guidance through the construction process and opening of this shop-- thank you, from the bottom of my heart. Opening this shop is a dream, especially in my hometown.

Looking forward to serving our community.

Michaela Michienzi
