Message:

Good morning,

Please advise Chairman Andrews and members of the board of health that we are officially withdrawing our letter asking them to reconsider the deed restriction request for 50 Tahanto Road in Pocasset. Please take us off the agenda for the next meeting. We have decided to accept the request in order to move forward with our septic system update. I found the form online. Is that the correct form? Could you please call or email me today at your earliest convenience, so that I am sure I have filled it out correctly and understand the process in order to file it. My phone number is [REDACTED] (Janine) Thank you.

Janine and Geoff Harvey

Dear Chairman Andrews and Board Members,

On Wednesday, May 18th at the Board of Health meeting, our request for approval for an update to our septic system at 50 Tahanto Road came up before the board. I was unable to attend the meeting, but my husband and Brett Ellis were there. Our engineer could not attend because of another commitment, and there had been a date change for the meeting. My husband's parents have lived in Pocasset since the early 1960's, and we purchased the house from his mother last June 29, 2021. It has always been a three bedroom house and it is our primary residence. We want to maintain the property and update the septic. I was wondering why the board is asking for the deed restriction since the septic system design is an update for a three bedroom residence. I was hoping that you would let us know if it is possible for us to have the update and avoid a deed restriction. We are hoping to meet with the board on June 8, 2022 for you to reconsider the deed restriction. The variances that we needed to install the new septic did not involve coastal borders. We are good neighbors and our family has resided in this community for close to 60 years. Geoff and I expect to live here for the rest of our lives. I know how busy you are and appreciate you taking the time to consider our request. I look forward to your reply.

Respectfully,
Janine and Geoffrey Harvey
