---

At the January 31<sup>st</sup> Selectboard meeting it was decided to pause any new recreational capital initiatives while the Recreation Committee work towards the following efforts:

1. Identify and understand the goals/vision for the community's future recreational needs by defining the 5W+H (Who? What? When? Where? Why? How?);
2. Observe and assess a complete inventory of current locations, their conditions including safety, age, types of usage, when are they used and by whom, etc.;
3. Illuminate contradictions, barriers, disconnects and opportunities - the internal and external gaps being experienced between the current state and the desired state;
4. Aligning goals/vision with necessary actions – mapping the journey of what and how to accomplish closing those gaps; and
5. Prioritize strategies of activities, tasks and objectives for optimum solutions.

This effort of designing of a “Recreational Playbook” will provide the necessary framework with guiding recommendations as to where time, energy and capital resources should be concentrated in order to meet the community's recreational future needs.

In preparation for the Committee's efforts, below and attached are compiled supporting material for members to utilize. In addition, I will be available to assist at meetings if needed.

We would like to thank the many volunteers who help make this event a favorite of ours! Bourne Taekwondo Club and members of the Recreation Committee were instrumental in making this event a success. The Recreation Department is responsible for youth and family recreational programming opportunities, scheduling of outdoor ballfields, and the scheduling and day-to-day operations of the Bourne Veteran's Memorial Community Center.

The Recreation Department stayed busy during the pandemic, offering the following programs and special events:

Special Events included:

**6 Feet Trunk or Treat:** A Drive Thru Event: Our 8<sup>th</sup> Annual Trunk or Treat was a bit different in 2020! The Bourne DPW graciously offered to host the event at their facility in Bournedale. We had 20 different groups volunteer to decorate trunks and 170 families registered! This event was made more memorable by the snow!

**Santa's Sleigh Jam (Drive Thru Event):** The holiday season celebration looked a bit different in 2020, with our traditional tree lighting event transitioning to a drive thru event. A custom holiday playlist added to the fun, as 110 families drove through, getting treats, dropping off letters to Santa, and admiring the fabulous light display created by our Department of Public Works!

**Flashlight Egg Hunt:** This was a new event for us and it was a blast! 25 children made fast work of clearing over 1,500 eggs off of the baseball field behind the community center! This is definitely an event to look for in the future!

**Shout-Outs:**

The summer of 2020 was a challenging one. We at the Recreation Department would like to give a special mention to our lifeguards and program staff. The lifeguards showed up every day at Monument Beach with a smile (which was hard to see because of their masks) and worked diligently as front-line employees to keep beach goers safe. They were courteous and professional, and we are very lucky to have them. With our Bourne Together 2020 program, we provided the first opportunity for children to get back together with their peers since the beginning of the pandemic. Our staff worked tirelessly to make the children feel safe and to provide a wonderful summer experience.

**Special Thanks:**

This year we would like to thank the wonderful staff in the Board of Health. Terri, Katie and Stevie were there for us every step of the way, providing guidance to help ensure we were able to facilitate safe programs for our community during the pandemic. Without their assistance, we would not have been as confident to provide the wide variety of programs that we did.

We would also like to give a special mention to the Bourne Fire Department. When we began planning for the summer of 2020, Chief Cody, was always there to answer our questions. Onsite training for the lifeguards and program staff with Deputy Chief Haden, Lieutenant Phil Tura and the crew from the Pocasset Fire Station was instrumental in teaching the staff how to take the extra precautions needed to work during a pandemic. Their guidance was crucial to the success and safety of our program participants, beach goers and our staff. We are very grateful.

We would also like to thank the Department of Public Works, ISWM, Department of Natural Resources, Bourne Police, Bourne Fire and the Bourne Public Schools for their continued support of the Recreation Department.

We would like to thank the people in Bourne who volunteer their time to make Bourne's youth sports organizations so successful. Bourne Youth Baseball, Babe Ruth, Bourne Youth Lacrosse, Bourne Youth Soccer are wonderful groups providing great opportunities for our youth.

**Bourne Veteran's Memorial Community Center**

Staff from both the Council on Aging and the Recreation Department worked in the Community Center throughout the pandemic. The building remained open for scheduled appointments with the COA, and for registered participants in Recreation Department programs. The building was extremely busy during the winter months, providing gym space to Upper Cape Tech, Sandwich Travel, and the Sturgis Charter Schools.

Offices for the Recreation Department are located at the Bourne Veteran's Memorial Community Center. We can be reached by phone at (508) 759-0600 ext. 5302 or by email to: Krissanne Caron, Recreation Director: [kcaron@townofbourne.com](mailto:kcaron@townofbourne.com) or Katie Matthews, Program Coordinator: [kmatthews@townofbourne.com](mailto:kmatthews@townofbourne.com)

Respectfully submitted,

Krissanne Caron, Recreation Director

## **Report of the Bourne Recreation Committee**

To the Honorable Board of Selectmen  
and the Citizens of the Town of Bourne:

The Bourne Recreation Committee hereby submits their Annual Report for the year ending June 30, 2022.

The Recreation Committee is made up of nine members that are appointed by the Bourne Select Board. The Committee is very enthusiastic and caring about recreation programs and the recreational facilities. (Parks and Playgrounds)

The Committee currently has bylaws which date back several decades and are now obsolete since they were written before the Recreation Department was created. The Committee reviewed and started rewriting its bylaws and will submit the changes for approval to the Select Board in FY2023.

The Committee supported two Community Preservation Committee applications by recommending the Town Administrator's Advisory Committee on Pedestrian Bicycle Pathway's (The Bourne Rail Trail) continuation of phases 1, 2, and 4, and the Recreation Department's redesign of the recreation fields and courts behind the Community Building.

This year we joined with the Commission on Disabilities and applied for and were granted Community Preservation Committee funding to both rehabilitate and create accessibility for residents of all abilities to the eligible basketball and tennis/pickleball courts.

We supported the Recreation Department's Trunk or Treat event by registering a trunk. Some members enjoyed seeing all the young residents in costume happy to receive their treats. The Committee will continue to support future events and programs.

We started ongoing discoveries and discussions about how we can help the town better maintain the Town's recreation areas and equipment by keeping them safe and extending their useful lives. One of the Committee's main goals moving forward is to work with the town to create a Parks and Grounds Department.

I would like to take this opportunity to thank the Citizens of the Town of Bourne, the Select Board, the Town Administrator, the Town Departments, and the Recreation Department for their continued support.

In closing, I would like to give a special thank you to the Recreation Committee members Roger Maiolini (Vice-Chairman), Karen Wilson (Clerk), Lori Cooney, Linda Fletcher, Alice Howe, James Linsky, Teddy O'Rourke, and Jason Tardiff for their hard work and dedication.

Respectfully submitted,  
George M. Sala  
Chairman
