

PVC REGULATION BOARD OF HEALTH TOWN OF BOURNE

At its regular meeting held on October 28, 1992 the Bourne Board of Health voted, under authority of Mass. General Laws, Chapter III, s. 31, to adopt the following regulation: Due to problems encountered with their long-term structural stability, the use of poured-in-place concrete sanitary tees is prohibited. These concrete tees must be replaced by Schedule 40 PVC or cast iron tees.
